Distribution of Literature by QKFLOWAGE into Poland and the USSR

ACTION REQUESTED: For information and whatever action Headquarters consider appropriate to employ the QKFLOWAGE channel for KUGAGE purposes

1. Forwarded herewith under separate cover are copies of two QKFLOWAGE documents describing a plan for the distribution of American pocket books into Poland and the USSR. The channel to be utilized for this distribution is described as well, and we are informed that this scheme is already in operation on a modest scale.

2. Although we can visualize considerable advantage in the employment of the channel for KUTURE as well as KUGAGE, reality forces us to the conclusion that we do not have the type of access required. We believe, however, that access for KUGAGE purposes can be arranged locally or via QKFLOWAGE in Washington.
